NetArc® Co-Location Server Racks

The Over IP Group NetArc® Co-Location Server rack was inspired by some of the top industry leading IT & Facility Managers in Australia. Designed with strength and longevity in mind, it is available in 2 tier, 3 tier and 4 tier offerings.

Specifications

19" Mounting Standards: Dimensions that are critical in ensuring compatibility between server racks & panel/equipment mounting. Compliance with centre to centre hole mount dimensions, vertical and horizontal spacing.
